- ⊘ Refrigerators -
- ⊘ Smoke Detectors – Send back to the manufacturer. Check the back of the item for more information.

How to Package Household Hazardous Waste for Transportation

The guidelines for safely transporting Household Hazardous Waste to collection sites are as follows:

1. Keep all products in original containers with labels intact.
2. Wrap leaking containers in newspaper and place in a plastic bag or garbage container.
3. Make sure all lids and caps are tight.
4. Place items securely in a box for transport. Use newspaper or cardboard as filler.
5. Place chemicals, which will react with one another, in separate parts of the vehicle.
6. DO NOT leave materials in hot, unventilated area for long periods of time.
7. DO NOT SMOKE NEAR CHEMICALS!
